

PRIMO LINEAR

C-1 TWIN LANE CONFIGURATION

Benefits and Advantages

- The only conveyORIZED automatic scale of its kind, the C-series is designed for all difficult products that cannot typically run on traditional vibratory pans as well as delicate products that need soft handling.
- Tool-less disassembly and removal of hopper, weigh bucket & funnel. Quick disconnects reduce down time when cleaning and changing products.
- Automatic / pneumatic gate increases accuracy ensuring no additional product moves along the bulk conveyor.
- Pneumatics are not mounted to the weigh bucket; air lines do not have to be disconnected eliminating risk of contamination.
- Tool-less removable conveyors, hopper and discharge chute.
- All PrimoLinears include open frame design for clean ability and service ability.
- Anti-vibration leveling pads increase accuracy of measured product.
- Built independent of floor frame for additional performance and flexibility.

PRIMO LINEAR

C-1 TWIN LANE CONFIGURATION

Tool-less removable belt

Tool-less removable hopper

Features

- Full range usable up to 1 quart (1L) weigh bucket volume
- Separate bulk & dribble settings
